**TRAIL SYMBOLS AND DESIGNATIONS**

Trail symbols describe the general degree of difficulty of trails only within this resort. Trail designations do not apply to local businesses that may be open to all. You are the sole judge of your ability to complete any trail or to use any terrain feature.

Trail Development Series (TDS) and Mountain Bike Terrain only including jumps, rolls, bridges, and other technical features. They are provided for your enjoyment and challenge and fun. Skill Development for measure and difficulty then range TDS, trail.

Mountain Bike Terrain is designated by green circles, blue squares, and angle of descent back down. Mountain Bike Terrain containing man-made features is designated with a red circle and a red square. Mountain Bike Terrain is your responsibility. It is your responsibility to be aware of your own ability, skills, and warnings and to follow the "Mountain Bike Responsibility Code" and "Trailside Support Information & Rules."
